

Background

Kilbroney Parish has commissioned Insight Solutions to facilitate a community engagement and feasibility exercise to explore the need, demand and options for the redevelopment of the Convent Hall, Church Street, Rostrevor.

The aim is to potentially redevelop the Convent Hall as a community and social hub, restoring a significant physical asset in the heart of Rostrevor and improving the local streetscape of the rural community.

This initial community engagement and feasibility exercise has been supported by The Architectural Heritage Fund (AHF), through the Village Catalyst Partnership Programme, which supports projects aimed at developing sustainable new uses for historic buildings which are considered at risk in rural communities. As a valued member of this community, we want your honest views and opinions on what you feel the best options are for the redevelopment of this important building.

All surveys, unless you decide to submit your contact details at the end will remain anonymous.

We thank you for taking the time to participate in this survey and we value your input. By working together we can begin to make improvements for the benefit of our community.

Please note, closing date for surveys is 3rd June 2024.

Should you wish to speak directly to the Consultant leading this process from Insight Solutions you can contact Fergal O'Donnell - Email: fergal@insight-solutions.org Tel: 07713623264.

Thank you.
